

## CASE STUDY:

# How one trust saved 400+ hours a year on website compliance

Robin removes that persistent headache of compliance checking.

*"Robin does the checks - it's scheduled in, it's not forgotten, you run it and instantly have that information."*

**Rachael Field**

Head of Digital Solutions and Media

The Constellation Trust, Hull

(10 schools)

## Before Robin

- Manual, time-consuming, year-round job: "It's not a quick check - it's massive!"
- Under significant pressure from Ofsted
- Plowing through a checklist and badgering people

## Why Robin?

- It immediately speeds up the process - cutting down repetitive admin tasks
- It frees us up to do other things
- It removes the never ending cycle of checking websites
- It's AI that works and it makes our lives easier

## The Impact

1. Over **400 hours saved** across the 10 school trust in a year
2. Improved website compliance after every review run
3. Instantly see what's wrong with the website and how to fix it

*"With compliance now going up, there's less to do, because we're on top of it more."*
